

Searches of Students and Students' Personal Property

A search of a student's personal property or clothing shall only be undertaken when there is a reasonable and particularized suspicion that the student is concealing an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students. The building principal, Assistant Superintendent, Superintendent, or designee must authorize all searches.

When the principal, Assistant Superintendent, Superintendent, or designee has reasonable suspicion that one or more students are carrying a prohibited object, article, or substance or are otherwise in possession of a prohibited object, article, or substance on school property or at a school-sponsored event, all personal property belonging to the suspected student(s) may be subject to inspection. When determining the scope of a search, the principal, Assistant Superintendent, Superintendent, or designee shall ensure that any measures adopted are reasonably related to the object of the search and not excessively intrusive in light of the age and sex of the student.

Search Procedure

For the purposes of this policy, personal property includes, but is not limited to: a student's vehicle, backpack, book bag, and/or purse. Students may also be asked to empty their pockets; however, strip searches shall not be conducted.

Searches of persons should be conducted in private by a school employee of the same sex as the student with a school employee present as a witness.

Searches of Vehicles

The principal or designee, with a witness present, shall conduct searches of student vehicles if the vehicle is parked on school property and if reasonable suspicion exists. The principal shall make a reasonable attempt to contact the student who owns the vehicle and ensure s/he is present during the inspection unless an emergency situation is deemed to exist. If a vehicle is locked and its owner cannot be contacted or refuses to open it, the principal shall contact law enforcement.

Involvement of Law Enforcement

The principal/Superintendent may request the assistance of law enforcement to conduct any portion of a school-initiated search of a student/student's personal property that would pose a safety threat if conducted by school staff. In all other cases, law enforcement must have probable cause in order to search a student/student's personal property.

Illegal substances found during searches of students/students' personal property may be turned over to proper authorities. Personal property may be collected by parents. If not collected within a reasonable time, it may be disposed of.

Reporting Requirements

The administrator who authorized the search shall notify the Superintendent whenever a search has been conducted.
