NDTCN

North Dakota Teacher Center Network

MISSION

The mission of the North Dakota Teacher Center Network is to assist practicing teachers, education students and other educational personnel in professional knowledge and skill development to improve the learning of students.

GOALS

1. Deliver professional development based on research and best practices.
2. Facilitate joint projects and exchange of services between K-12 schools, state and federal agencies and institutions of higher education for professional development of practicing teachers, education students and other educational personnel.
3. Communicate via print and/or electronic mediums to all constituents.
4. Provide practicing teachers, education students and other educational personnel with access to instructional resources and educational equipment.

NDSU-North Dakota Forest Service

Two K-12 Summer Professional Development Opportunities

Commemorate – Educate - Motivate

Heritage Center - Bismarck, ND

June 27-29, 2016 – K-12

Cost: 1 credit

Register at:

www.ndsu.edu/its/advanced_apps_internet2/ndtrcsummerinstitute2016/

The ND Teacher Resource Coalition summer institute will include notable people, places and events along with the resources and events that commemorate them. Featured will be sessions on commemorations of the National Park Service, Shakespeare's 400th birthday anniversary, the Pulitzer Prize, and historical sites in ND. Additional topics will explore applications in the curriculum, including the use of remote sensing technologies to manage and preserve cultural and natural environments, as well as the Maker Movement in K-12 education. There is no workshop fee, just the credit payment. Participants will need to cover their own travel, lodging and one evening meal.

(Forestry Institute for Teachers)

Human Geography: Faces and Places

August 1-4, 2016 – K-12

Cost: 2 credits, + \$25 workshop fee

Some evening meals on your own.

Register at:

www.ndgeographic.org

This "classroom on wheels" tour will study people from the past and evaluate present day communities, culture and interactions with the forest, riparian, and prairie environments in the Pembina Gorge area. Visiting experts and local people will present content rich, hands-on outdoor experiences, and individual and group activities at Icelandic State Park, Tetrault State Forest, Gingras Trading Post, Pembina Museum and a Christmas Tree Farm. We will not only look at the social, environmental, and economic changes, but will also look at how to minimize negative impacts and protect water quality.

Graduate School

The MSU Graduate School offers nine master’s degrees and one education specialist degree. Courses are available on campus, online, over IVN, and at other North Dakota locations.

The Master of Education degree offers several distinct concentrations as well as the option for a student to self-design a concentration to meet his/her classroom needs. The Master of Science in Special Education offers five concentrations, including Deaf Education and Developmental Disabilities/Autism Spectrum Disorders. For more focused discipline specific programming, students may select from a Master of Arts in Teaching (MAT) in Mathematics or Science, the Educational Specialist degree in School Psychology, or Master of Science degrees in Management or Information Systems.

The required capstone experience varies from completing a capstone course, an action research project, an artistic exhibition, a thesis, or written and oral comprehensive exams. Most programs provide students a choice for their final experience.

Several programs are state or federal grant supported, providing admitted students a range of financial support for their education. Additionally, MSU offers all students, regardless of residency, a low tuition rate of \$325.82 per credit for campus classes and \$327.42 per credit for online, IVN internet synchronous using Blackboard Collaborate, and other locations.
